

'VISION IQAC'

**Associate Professor
NITTTR, Chandigarh**

Dear students, parents and faculty

It gives me immense pleasure to address you all as the RCI coordinator of Unnat Bharat Abhiyan. As we all know, Unnat Bharat Abhiyan is a flagship program of the Government of India, aimed at uplifting the rural areas of our country by promoting sustainable development through community participation.

Our mission is to bridge the gap between the rural and urban communities by identifying their needs and providing them with the necessary resources and skills. We strongly believe that the development of our nation lies in the development of its villages and rural communities.

Through our various initiatives and programs, we strive to provide access to education, healthcare, clean drinking water, sanitation, and other basic amenities to the rural population. We also promote entrepreneurship and self-employment among the youth and encourage them to become agents of change in their communities.

I urge each one of you to come forward and support us in our mission to build a sustainable and inclusive India. Let us work together to create a brighter future for the rural communities and empower them to become self-reliant.

Thank you.

Sincerely,

Dr. Hemant Vinayak

Coordinator, Unnat Bharat Abhiyan. RCI
